WEEK 5 (JULY 27-30, 2026)

DAY	ACTIVITIES
July 27, 2026 (Monday)	Broadcasting Services Division (BSD): - Continued verifying and balancing the SRF records of companies by comparing the amounts in their SRF folders with the corresponding records in the system to ensure that the information matched. - Continued reviewing an Excel file containing the SRF records of various companies and checked their payment status. For companies indicated as fully paid, we were instructed to remove their corresponding SRF records from the ledger in the system.
July 28, 2026 (Tuesday)	Broadcasting Services Division (BSD): - Continued checking the system for duplicate entities and verified which entity was connected to the corresponding ledger, which contains the SRF records and balances. - Checked the Entity Registration Details sheet for company information, particularly email addresses and contact numbers, and updated the information in the system. - Searched for the updated 2025 Audited Financial Statements (AFS) of assigned companies in the File Explorer and printed the documents for record keeping.
July 29, 2026 (Wednesday)	Broadcasting Services Division (BSD): - Filed the letters that had already been signed by the BSD Chief into the designated SRF folders of the respective companies. - Updated the company names in the Entity Management System by adding an asterisk (*) before the names of companies handled by the Broadcast Services Division (BSD). This was done to easily identify the companies handled by the BSD and help the staff distinguish the correct entities when preparing Statements of Account (SOA), especially in cases involving duplicate entities.
July 30, 2026 (Thursday)	Broadcasting Services Division (BSD): - Continued updating the company names in the Entity Management System by adding an asterisk (*) before the names of companies handled by the Broadcast Services Division (BSD) to help identify the correct entities and assist the staff in preparing Statements of Account (SOA), particularly for companies with duplicate entities. - Filed the letters that had already been signed by the BSD Chief into the designated SRF folders of the respective companies.
