

Education

Polytechnic University of the Philippines | Bachelor’s Degree *Sta. Mesa, Manila | 09.2024 – Present*
Major: Bachelor of Science in Computer Engineering | GPA (1.54)
Relevant Coursework: Programming Logic and Design, Object-Oriented Programming, Computer Hardware Fundamentals, Data Structures and Algorithms, Advanced Engineering Mathematics, Operating Systems

Good Shepherd Cathedral School | High School Degree *Fairview, Quezon City | 2022 – 2024*
Strand: Science, Technology, Engineering, and Mathematics | With Honors (93.25)

Good Shepherd Cathedral School | High School Degree *Fairview, Quezon City | 2018 – 2022*
Junior High School | With Honors (92.6)
Relevant Coursework: Basic Web Development and Introduction to HTML

- Engaged in school IT club activities and received training in Microsoft Office applications, including Word, Excel, and PowerPoint

Academic Experiences

Structura Project | Project Member *Quezon City | 12.2025 – 01.2026*

- Collaborated with a 4-person software development team to build a Python-based Data Structures and Algorithms (DSA) visualization project.
- Developed a Binary Search Tree feature for the DSA visualization project, implementing in-order traversal and input validation to ensure accurate processing and prevent errors.

Snake Game | Independent Developer *Quezon City | 06.2025 – 06.2025*

- Developed a simple Snake Game using Python’s Tkinter for the GUI and implemented object-oriented programming (OOP) principles for game structure and logic.
- Programmed snake movement logic, food collision detection, boundary restrictions, and self-collision detection to trigger game over conditions.

Terminal- Based Quiz Application | Independent Developer *Quezon City | 05.2025 – 05.2025*

- Developed a Python-based quiz system using object-oriented programming (OOP) principles, allowing users to create custom questions and take quizzes through a terminal interface.
- Implemented quiz management features for organizing and selecting quizzes by category, such as English, Math, Science, and History.
- Applied file handling to store and manage quiz questions and user data efficiently.

Activities

AWS User Group e:Novators Philippines | Member (Operations Office) *Sta. Mesa, Manila | 2026 – Present*

- Participated in organization events and member engagement activities.

Cisco NetConnect PUP (AI & Data Science Department) | Member *Sta. Mesa, Manila | 2025 – Present*

- Participating in webinars and learning sessions related to networking and artificial intelligence.

AWS Cloud Club PUP | Member *Sta. Mesa, Manila | 2025 – Present*

- Selected as a recipient of a DataCamp Scholarship through the AWS Cloud Club partnerships.
- Attended a Git/GitHub webinar focused on version control and collaborative software development.

Skills

Technical Skills: Python (OOP basics), Tkinter, R, Basic HTML, AutoCAD, Git/GitHub, Computer System Servicing, Microsoft Office

Soft Skills: Effective Communication, Active Listening, Team-oriented and collaborative, Adaptable

Languages: Filipino, English
